2015 Spring Simulation Multi-Conference

The Spring Simulation Multi-Conference 2015 (SpringSim'15) brings leading experts in various domains of Modeling and Simulation together. The Theory of Modeling and Simulation (TMS/DEVS 2015) will be a sub-conference of SpringSim.

Areas covered include high-performance computing technologies, models and algorithms, GUI visualization technologies, communications and much more. The conference includes keynote speeches presented by technology and industry leaders, technical sessions, as well as vendor exhibits. Scientists, engineers, managers, educators, and business professionals who develop or use simulation tools are invited to participate and present original papers. SpringSim'15 offers many ways to promote simulation products and to enhance corporate images.

Below is a sampling of topics which will be covered:

■ Annual Simulation Symposium (ANSS)	■ Communications and Networking Symposium (CNS)
■ Theory of Modeling and Simulation (TMS/DEVS)	■ High Performance Computing Symposium (HPC)
■ Agent-Directed Simulation (ADS)	■ Simulation for Architecture and Urban Design (SimAUD)
■ Student Colloquium, M&S App Competition, Posters	■ Work-in-Progress (WIP)
