Current AutumnSim Info

General Chair: Dr. Jerry Couretas
Program Chair: Hamid Vakilzadian
VP of Conferences: Gabriel Wainer

The 2012 Autumn Simulation Multiconference is a state-of-the-art conference involving several different academic subjects and areas of professional activity. AutumnSim provides a unique opportunity to learn about emerging M&S applications in many thriving fields. Areas covered include Defense & Military, Homeland Security, Medical Processes, Education & Training, and Energy, Climate & Environment. The inaugural year of this conference proudly coincides with the 60th anniversary of the Society for Modeling and Simulation (SCS). This conference meets the needs of our simulation community by offering rigorous paper reviews, as well as those of our industry participants by providing a

[Conference on Energy, Climate & Environment](#)

broad range of technical topics. Proposals are solicited for papers, panels, tutorials, workshops, seminars, social activities and for other presentation, discussion and sponsorship formats. Opportunities are also available for organizing and volunteering roles.

AutumnSim offers many ways to promote simulation products and to enhance corporate images. Scientist, engineers, managers, educators, and business professionals who develop or use simulation tools are invited to participate and present original papers. All accepted papers are published on the conference CD, by SCS and in hard-copy by Curran's **Print-on-Demand service**.

New Ideas!

We are also always looking for good proposals for papers, panels, tutorials, workshops, seminars, exhibits, and social activities. If you have ideas for other presentation, discussion and sponsorship formats, please forward them to the conference General Chair.

Volunteer Opportunities!

We encourage you to consider taking on a leadership role in the conference – it improves the quality of our event and enhances you professionally. To **volunteer**, contact the General Chair or the **SCS office**

Workshops and Tutorials

"Hands-On/Minds-On Training for Refinery, Chemical Plant, and Power Plant Operators" by *Donald C. Glaser*

"Tunnel and Maritime Threats to Homeland Security" by *Serge S. Duarte*

"Security and Game Theory: Key Algorithmic Principles, Deployed Applications, And Lessons Learned" by *Milind Tambe*

Keynote Speakers

We are honored to announce the following keynote speakers for AutumnSim 2012:

- **Dr. Jerzy W. Rozenblit**, Department of Electrical and Computer Engineering and Department of Surgery at the University of Arizona
- **Dr. Michael Orey**, President, MoWerks, LLC and Chair, Learning, Design, and Technology at the University of Georgia
- **Dr. William Swartout**, Director of Technology at USC Institute of Creative Technologies
- **Mrs. Beverly Seay**, Vice President & General Manager (Global), CAE Integrated Enterprise Solutions
- **Dr. Michael D. Orosz**, Assistant Director Lead, Decision Systems Group, USC Information Sciences Institute
- **Dr. C. Anthony Hunt**, Professor of Bioengineering and Therapeutic Sciences, University of California, San Francisco
