BACK TO CONFERENCES

International Conference on Simulation Technology for Power Plants (PPS)

Upcoming PPS Conferences:

2012 PowerPlantSim	**12 - 17 Feb. 2012**	**San Diego, CA, USA**
Exhibitors	Hotel:	Catamaran Resort Hotel
	Room Rate:	$155.00/night

Past Conferences

This is an international conference on the state of the worldwide power plant simulation industry and includes technical presentations by technology and industry leaders, panel discussions, roundtable discussions and vendor exhibits.

This annual conference brings together the membership of the Utility Simulator User Group (USUG) with industry peers, contractors, vendors, suppliers, standards committee members, and regulators for a three-day workshop focused on the special needs of the nuclear and fossil power plant simulation community.

Two tracks are available for attendees and presentations: Nuclear and Fossil. For more information click on the call for papers for the event above or you can contact the track chairs below:

Fossil Track
Chair: Bruce Kelly, Sega Inc.
Tel: 913-681-2881

Nuclear Track
Chair: **Scott Cupp**, Entergy-Arkansas Nuclear One
 Tel: 479-858-6858

One conference registration gives you access to any session in either track.

This unique simulation event offers industry focused corporations and other simulation vendors an opportunity to display products and services compatible with the technical program. If you are interested, contact SCS headquarters via telephone (858-277-3888) or by email.

To participate in the planning process, suggest session topics or volunteer to help with the event, please contact the appropriate chairperson.
