The 2012 Spring Simulation Multiconference (SpringSim'12) is an annual conference which covers state-of-the-art developments in computer simulation technologies, as well as scientific, industrial, and business applications. Areas covered include high-performance computing technologies, models and algorithms, GUI visualization technologies, communications and much more. Application disciplines covered include advanced telecommunication; computer systems; military, government & aerospace; environment, energy, and other industries. The conference includes keynote speeches presented by technology and industry leaders, technical sessions, professional development courses and seminars, as well as vendor exhibits. Scientists, engineers, managers, educators, and business professionals who develop or use simulation tools are invited to participate and present original papers. Proposals are solicited for papers, panels, tutorials, workshops, seminars, exhibits, social activities and for other presentation, discussion and sponsorship formats. People are always welcome to benefit by taking an organizing role. SpringSim'12 offers many ways to promote simulation products and to enhance corporate images. You are invited to use the Spring Simulation Multiconference in ways that best serve your interests.

All accepted & presented papers will also be published in the ACM Digital Library.   Failure to present the paper at the conference will result in the paper being withdrawn from the Conference Proceedings as well as ACM Digital Library.

The SpringSim Conference is co-located with the SISO Spring SIW. The SISO Spring SIW is conducted March 25-30. Registration for one of both conferences grants access to all events conducted by SCS or SISO. More information on the SISO activities can be found at **http://www.sisostds.org/**

We are honored to announce the following keynote speakers for SpringSim 2012:

- Dr. Roger Smith: SCS keynote speaker, Monday 3/26 8:30-10:00
- Captain Schmorrow and Prof Babulak, Sungkyunkwan University, College of Information and Communication Engineering: SCS/SISO plenary, Mon 3/26 10:30-12:00
- Prof Addington, SCS keynote speaker, Tues 3/27 8:30-10:00

Please visit the **SpringSim'12 Keynote** website for additional information.

The following topics are scheduled (Note: some tracks are still accepting papers, click on track links for deadlines):

- **Agent-Directed Simulation (ADS)**
- **45th Annual Simulation Symposium (ANSS)**
- **15th Communications and Networking Symposium (CNS)**
- **Symposium on Theory of Modeling & Simulation - DEVS Integrative M&S Symposium (DEVS)**
- **Emerging M&S Applications in Industry and Academia Symposium (EAIA)**
- **20th High Performance Computing Symposia (HPC)**
- **Military Modeling & Simulation (MMS)**
- **Symposium on Simulation for Architecture and Urban Design (SimAUD)**
- **Poster & Work-In-Progress Track**

SpringSim'12 Organizing Committee:

- General Chair: **Dr.Hala ElAarag**, Stetson University, Florida, USA
- Vice General Chair/Program Chair: **Dr. Andreas Tolk**, **Old Dominion University**, USA
- Publicity Chair/Publication Chair: **Dr. Yelena Rykalova**, Boston University, MA, USA
- Awards Chair: **Dr. Robert McGraw**, RAM Laboratories, Inc., USA
