

SCS Ad Hoc Committee Volunteers

Recruiting enthusiastic members to serve on our important standing committees is a vital aspect of the Society. Working on a committee can be a source of personal and professional growth. All appointments are for one year.

As a non-profit organization, we depend on the commitment of our members to keep our association strong. The work of each committee is developed by the committee itself and is reviewed/approved by our Board of Directors.

Please check out the committee opportunities listed below and let us know which one best meets your skills and interests. Please select your top three choices, as there may not be vacancies on all committees.

Instructions

- Please submit this completed form. After submitting the form, you will receive a notification email to confirm that it has been received.
- If you have any problems or encounter any difficulties, please email scs@scs.org and describe the issue.

Awards Committee: select recipients for professional awards and nominate for national awards.

Communications Committee: develop a public relations strategy that promotes programs.

Body of Knowledge Committee: will help review and maintain the Simulation Body of Knowledge.

Conference Committee: responsible for assisting with conference activities, such as selecting conference locations, and helping to recruit key conference organizers and plan program activities. The Conference Committee also maps long range strategies for SCS Conferences.

Education and Workforce Development Committee: goal is to lead the community in transforming M&S into a recognized discipline and profession.

Membership/Member Services Committee: promote membership through relevant and beneficial member services.

Publications Committee: helps SCS produce quality newsletters, journals, and brochures.
