

# CALL FOR PARTICIPATION

## THE HUNTSVILLE SIMULATION CONFERENCE 2000 (HSC 2000)

October 4-5, 2000

The Holiday Inn at Research Park, Huntsville, Alabama

Sponsored by  
The Southeastern Council of  
The Society for Computer Simulation International (SCS)

Formerly known as the SouthEastern Simulation Conference (SESC), the Huntsville Simulation Conference (HSC) inaugurates an annual simulation conference based in Huntsville. For the first time, abstracts and "papers" are only accepted in electronic form. The final proceedings are available on CD and in print. The HSC seeks technical papers, briefings, session organizers, session chairs and panel discussions related to simulation in areas that include:

- |                          |  |                          |                                 |
|--------------------------|--|--------------------------|---------------------------------|
| <input type="checkbox"/> | Missile Simulation                         | <input type="checkbox"/> | Ballistic Missile Defense       |
| <input type="checkbox"/> | Simulation Based Acquisition               | <input type="checkbox"/> | Control Systems                 |
| <input type="checkbox"/> | Visualization                              | <input type="checkbox"/> | Signal Processing and Sensors   |
| <input type="checkbox"/> | Verification, Validation and Accreditation | <input type="checkbox"/> | Hardware-in-the-Loop Simulation |
| <input type="checkbox"/> | High Level Architecture (HLA)              | <input type="checkbox"/> | Battlefield Simulation          |
| <input type="checkbox"/> | Manufacturing Simulation                   | <input type="checkbox"/> | Software and Hardware Tools     |
| <input type="checkbox"/> | Human Factors and Ergonomics               | <input type="checkbox"/> | Earth Systems Simulation        |
| <input type="checkbox"/> | Machine Learning Methods                   | <input type="checkbox"/> | Law Enforcement Simulation      |
| <input type="checkbox"/> | Test and Evaluation                        | <input type="checkbox"/> | Biomedical Simulation           |
| <input type="checkbox"/> | Virtual Environments                       |                          |                                 |

### FEES AND DEADLINES

- Electronic versions of one page abstracts are due by July 1, 2000
- Notification of acceptance on July 15, 2000
- Electronic versions of papers (optional) are due by September 1, 2000
- Early Registration fee before September 30, 2000 is \$125
- Normal Registration fee after September 30, 2000 is \$150
- Group discounts are available

Email a one-page abstract (in Adobe PDF, Word, WordPerfect or Rich Text File format)  
to:

[jgauthier@aegistg.com](mailto:jgauthier@aegistg.com)

Submission of an abstract is a commitment to register, attend and make a presentation. Forms of payment: U.S. Check, VISA, MasterCard, DD Form 1556. A booklet of abstracts and a CD version of the Proceedings are distributed at the conference. A hard copy of the proceedings is

available at extra cost and shipped after the conference. Conference fee includes a listing of the abstracts, one CD copy of the proceedings, two luncheons and an evening social event.

Sponsorships and exhibit spaces are available. Contact the HSC Program Chairman:
