

## Foreign Nationals Traveling to Tucson; Arizona Suggestions

The International Faculty and Scholars Office at the University of Arizona has stated that currently, there have not been any problems with international visitors traveling with proper paperwork issued from a consulate entering Tucson, Arizona. Depending upon a traveler's citizenship, the US Consulate may require a letter of invitation from the conference. Attendees should contact the US Embassy assigned to their country if you have any questions. Attendees can request an invitation letter from SCS upon their paper being accepted for Springsim 2019. Please see the request form at <http://scs.org/springsim/>.
