PowerPlantSim 2012

This is an international conference on the state of the worldwide power plant simulation industry and includes technical presentations by technology and industry leaders, panel discussions, roundtable discussions and vendor exhibits.

This annual conference brings together the membership of the Utility Simulator User Group (USUG) with industry peers, contractors, vendors, suppliers, standards committee members, and regulators for a three-day workshop focused on the special needs of the nuclear and fossil power plant simulation community.

Warning: date() [[function.date](#)]: It is not safe to rely on the system's timezone settings. You are *required* to use the date.timezone setting or the date_default_timezone_set() function. In case you used any of those methods and you are still getting this warning, you most likely misspelled the timezone identifier. We selected 'UTC' for 'GMT/0.0/no DST' instead in
</usr/home/scsorg/www/htdocs/confernc/powerplantsim/powerplantsim12/index.php>
 on line 134

Two tracks are available for attendees and presentations: Nuclear and Fossil. For more information click on the call for papers for the event above or you can contact the track chairs below:

Fossil Track

Chair: [Bruce Kelly, Segra Inc.](#)

Tel: 913-681-2881

Nuclear Track

Chair: [Scott Cupp](#), Entergy-Arkansas Nuclear One

Tel: 479-858-6858

One conference registration gives you access to any session in either track.

This unique simulation event offers industry focused corporations and other simulation vendors an opportunity to display products and services compatible with the technical program. If you are interested, contact SCS headquarters via telephone (858-277-3888) or by email.

To participate in the planning process, suggest session topics or volunteer to help with the event, please contact the appropriate chairperson.
