THE SOCIETY FOR MODELING & SIMULATION INTERNATIONAL®

# POWER PLANT SIMULATOR TRAINING

## ANS-3.5 Regulatory Compliance and Performance Testing Workshop

**January 24-28, 2027**
The Rosen Plaza Hotel
Orlando, Florida, USA

## Who We Are

For over 70 years, SCS has set the standard as the first society devoted solely to the advancement of modeling and simulation. Our objective is to promote M&S as a discipline. We provide M&S professionals with a dynamic community and forum to publish, present, and discuss new results, developments, applications, and lessons learned, enabling the exchange between and mutual support of industry, government and academia.

## Registration

**Training Date: January 28, 2027**
Training is included with registration
Training only (without registration): $300
Register Online at scs.org/powerplant/

### Workshop Objectives

Be familiar with the functional/physical and testing requirements associated with a nuclear power plant simulator used for operator training and examination in accordance with ANSI/ANS-3.5-2009.

### Who Should Attend?

Target audience includes simulator test operators and management associated with the administration of a simulator testing program in accordance with ANSI/ANS-3.5-2009.

### What Will You Gain From This Training?

This workshop will address the functional/physical and testing requirements for full-scope nuclear power plant control room simulators for use in operator training and examination.

### What You Receive

Upon completion, you will receive a Certificate of Training.
